

Dear Santa (Richard),

I am sorry I am so late in getting back to you regarding your wonderful video that you sent my grandsons this past Christmas. I had sent you info regarding my three grandsons and you used that information to compose a wonderful video centered on them and what Santa Claus was going to do for them. It highlighted what Christmas is all about and make it a wonderful Christmas for my three grandsons and their parents and their grandfather. Thank you Santa so very much. Who knows what might happen this coming Christmas season.

Many blessings, Grandad Bill
